Target version:	3.4.1		
Affects version:	3.4, 3.4.1		

Description

Hi there,
Selecting in the menu:
View -> Interface -> WinAmp Classic Interface

renders the expected classic interface but without any buttons, display etc... This is the case with all default classic skins of audacious.
Some icons are also missing is the browing windows for opening files (may not be related though).

(see attached image)

thanks.
