Target version:	3.3		
Affects version:	3.2		

Description

Hi guys,
I just found out that in the new version does not lirc plugin, so I can't use my remote. In the future will there be?

With best wishes:
S. Filipov

If you can update the plugin to build with GTK+ 3 and current Audacious source, I would be willing to add it again.

#2 - January 21, 2012 13:43 - Michał Lipski

- Subject changed from lirc plugin for audaciousr 3.2 to Add LIRC plugin

- Target version deleted (3.2)

- Affects version added

- Affects version deleted ()

#3 - January 22, 2012 21:16 - Joonas Harjumäki

I updated LIRC plugin for audacious 3.3, and have it in my repository.
