Audacious - Bug #686

QT: 'Do not load metadata...' appears 2x in prefs

November 30, 2016 22:31 - A Z

Status:	Closed	**Start date:**	November 30, 2016
Priority:	Minor	**Due date:**	
Assignee:		**% Done:**	100%
Category:	libaudqt	**Estimated time:**	0.00 hour
Target version:	3.8.1		
Affects version:			

Description

The 'Do not load metadata for songs until played' option appears twice in the QT interface preferences, once under Playlist > Behavior, and again under Song Info > Advanced. They seem to be duplicates. If they actually refer to something different, they should be labeled more clearly.

History

#1 - December 01, 2016 02:44 - John Lindgren

- Affects version deleted (3.8.1)

3.8.1 doesn't exist yet. What version are you really using?

#2 - December 01, 2016 03:07 - John Lindgren

- Category set to libaudqt

- Status changed from New to Closed

- Target version set to 3.8.1

- % Done changed from 0 to 100
