Audacious - OLD, PLEASE USE GITHUB DISCUSSIONS/ISSUES - Bug #141

GTK error message when "Interface Preferences" dialog is closed

July 03, 2012 00:52 - Thomas Lange

Status:	Closed		**Start date:**	July 03, 2012
Priority:	Trivial		**Due date:**	
Assignee:			**% Done:**	100%
Category:	plugins/skins		**Estimated time:**	0.00 hour
Target version:	3.3.1			
Affects version:	3.3			

Description

Description:
If you close the "Interface Preferences" dialog, this error message appears:
(audacious:xxxx): Gtk-CRITICAL **: gtk_tree_selection_get_selected: assertion `GTK_IS_TREE_SELECTION (selection)' failed

How to reproduce:
1. Select the Winamp interface
1. Click View -> Interface Preferences
2. Close the dialog

Affects all versions of Audacious.

History

#1 - July 03, 2012 02:26 - John Lindgren

This is a bug in GTK+, which I have forwarded to https://bugzilla.gnome.org/show_bug.cgi?id=679291. As a developer, you should be able to do the debugging work and report such bugs to upstream yourself.

#2 - August 07, 2012 04:34 - John Lindgren

- Status changed from New to Closed

- Target version changed from 3.3 to 3.3.1

- % Done changed from 0 to 100

GTK+ developers are dragging their heels on this one, so I've added a workaround.
