Audacious - Feature #232

Add 'Toggle Stop After Current' action to hotkey plugin

December 29, 2012 23:58 - Alex Matveev

Target version:	3.4		
Affects version:			

Description

I find myself using 'Stop after Current Song' quite often, but each time I need this I have to bring the player window up. So I guess a configurable hotkey action would be nice.

Patch attached.
