Audacious - OLD, PLEASE USE GITHUB DISCUSSIONS/ISSUES - Bug #617

audacious -j does not open jump-to-file dialog

January 14, 2016 19:45 - Thomas Lange

Status:	Closed		**Start date:**	January 14, 2016
Priority:	Minor		**Due date:**	
Assignee:			**% Done:**	100%
Category:	core		**Estimated time:**	0.00 hour
Target version:	3.7.2			
Affects version:	3.6, 3.7, 3.8			

Description

The command "audacious -j" and "audacious --show-jump-box" are not opening the jump-to-file dialog anymore.

Affected versions are at least 3.6+ with both interfaces.

History

#1 - January 17, 2016 19:36 - John Lindgren

Works fine here.

#2 - January 17, 2016 21:14 - Thomas Lange

That's strange. The reason is that current_interface is NULL in aud_ui_show_jump_to_song(), libaudcore/interface.cc#216.

#3 - January 18, 2016 05:58 - John Lindgren

There might have to be a running instance already for it to work. I will try it later on the first instance and see if I can reproduce. Possibly aud_ui_show_jump_to_song() needs to be called later in the startup process.
