Audacious - OLD, PLEASE USE GITHUB DISCUSSIONS/ISSUES - Feature #644

If no Artist tag, use Album Artist by default

May 16, 2016 20:18 - Bob Bib

Status:	Closed		**Start date:**	May 16, 2016
Priority:	Minor		**Due date:**

Target version:	3.8			
Affects version:	3.7.2			

Description

Currently, when a file has no "Artist" tag, some value guessed from the file path gets displayed in the "Artist" column of the Audacious playlist.

My suggestion: it should use the value of "Album Artist" tag (when available) instead.

Usage case: a CUE file with PERFORMER stated once at the beginning, and not repeated for each TRACK.

- *Category set to libaudcore*

- *Status changed from New to Closed*

- *Target version set to 3.8*

- *% Done changed from 0 to 100*

I agree, that makes a lot of sense (and it's a simple change).
