

## Audacious - OLD, PLEASE USE GITHUB DISCUSSIONS/ISSUES - Bug #662

### Too wide error message box when filename is long

August 31, 2016 03:45 - day last

<b>Status:</b>	Closed	<b>Start date:</b>	August 31, 2016
<b>Priority:</b>	Minor	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	100%
<b>Category:</b>	libaudgui	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>	3.8		
<b>Affects version:</b>	3.8		

**Description**

Could you truncate/wrap the error message if the filename is too long? I'm listening to youtube podcast radios with audacious and when it disconnect, the error message doesn't fit the width of screen. I have to scroll 2-3 times to right to reach the Close button.

### History

#### #1 - August 31, 2016 22:18 - John Lindgren

What versions of Audacious and GTK+ are you using?

#### #2 - September 02, 2016 21:52 - day last
