Credits for some pre-Transifex translators are missing

Description

It was brought to my attention that the list of contributors in some of the .po files are incomplete. The problem appears to be that some copyright statements weren't parsed correctly and preserved in the first upload to Transifex.

As one example, uk.po is missing attribution to Dmytro Koval'ov and Mykola Lynnyk since this commit:

<https://github.com/audacious-media-player/audacious/commit/1a013156d209b1b4434e0bfd47e904ac7b1f3e96>

We should look at the other commits where pre-Transifex .po files were first replaced with Transifex versions, and check for other names that may have gone missing.

This ticket is nearly 5 years old and I don't think it's realistic to expect it to ever be corrected "en masse". Pull requests are always welcome though.
