Audacious - Bug #1012

can't play imported playlist from cue

August 01, 2020 10:02 - beroal beroal

Status:	Closed		**Start date:**	August 01, 2020

Affects version:	4.0.4			

Description

If I add a "cue" file to a playlist, export the playlist to an "m3u" file, import the playlist from the "m3u" file, this program cannot play the songs in the playlist. This issue exists only for songs from a "cue" file. I noticed it because I sort playlists via export/import.

That's an interesting case; thanks for taking the time to report it. It should be handled correctly after this commit:
