

Audacious - Bug #1105

LADSPA host setting menu does not show up with Qt interface

June 01, 2021 12:26 - chris denice

Status:	New	Start date:	June 01, 2021
Priority:	Major	Due date:	
Assignee:		% Done:	0%
Category:	plugins/ladspa	Estimated time:	0.00 hour
Target version:			
Affects version:	4.0.4, 4.1		
Description			
With Qt interface:			
Go to Settings -> Plug-ins -> Effects -> LADSPA Host.			
Now click on the "gear", a blank window appear with only one button "Close". This renders All LADSPA plug-ins unusable as they cannot be selected, neither adjusted.			
Everything works fine with the GTK Legacy interface!			

History

#1 - June 15, 2021 21:49 - John Lindgren

Yes, LADSPA configuration is one of the few remaining bits that hasn't been ported to Qt yet.

#2 - December 24, 2021 18:14 - John Lindgren

- Category changed from libaudgui to plugins/ladspa
