Description

"Show song numbers" and "Show leading zeroes" in the preferences window
are no more adopted directly since this commit:

https://github.com/audacious-media-player/audacious/commit/fdb1d6ce99d6013afc761330adddd9e253d37ec9#diff-9

Would it be possible to get these lines back or is there an alternative to update the playlist window
so the changes are adopted without the need of pressing F5?
