|---|----------------|------------------------|-------------------|
| <b>Status:</b>  | Rejected       | <b>Start date:</b>     | November 19, 2021 |
| <b>Priority:</b>  | Minor          | <b>Due date:</b>       |                   |
| <b>Assignee:</b>  | james nazareno | <b>% Done:</b>         | 0%                |
| <b>Category:</b>  |                | <b>Estimated time:</b> | 0.00 hour         |
| <b>Target version:</b>  |                |                        |                   |
| <b>Affects version:</b>   | 4.1            |                        |                   |
| <b>Description</b><br><b>Randomize:</b> alternative to shuffle (like sort but random)<br><b>Multi queues:</b> prepare more than one queues while listening from other queue (like a temporary playlist)<br><b>Auto jump:</b> auto jump to next available playlist when a playlist ends (if none go to the first playlist) can be toggle on/off like shuffle.<br><b>Remember track state:</b> remember last position of a large track<br><br><i>Features found in <b>Musicolet</b> (best android music player)</i><br><br>Please let me know if this features are already implemented, thanks. |                |                        |                   |

### History

#1 - December 18, 2021 16:55 - John Lindgren

- Status changed from New to Rejected

Please:

- Do your own research and don't open new tickets for features that are already implemented. Post on the forum if you have trouble finding a feature.
- If a feature isn't implemented, open **one feature request ticket per feature**.

Thanks.
