Audacious - Feature #1140

Need added features

November 19, 2021 16:55 - james nazareno

Status:	Rejected		**Start date:**	November 19, 2021
Priority:	Minor		**Due date:**	
Assignee:	james nazareno		**% Done:**	0%
Category:			**Estimated time:**	0.00 hour
Target version:				
Affects version:	4.1			

Description

Randomize: alternative to shuffle (like sort but random)
Multi queues: prepare more than one queues while listening from other queue (like a temporary playlist)
Auto jump: auto jump to next available playlist when a playlist ends (if none go to the first playlist) can be toggle on/off like shuffle.
Remember track state: remember last position of a large track

*Features found in **Musicolet** (best android music player)*

Please let me know if this features are already implemented, thanks.

History

#1 - December 18, 2021 16:55 - John Lindgren

- Status changed from New to Rejected

Please:
- Do your own research and don't open new tickets for features that are already implemented. Post on the forum if you have trouble finding a feature.
- If a feature isn't implemented, open **one feature request ticket per feature**.

Thanks.
