

Audacious - Support #1158

start Audacious on pipewire backend needs double-check

February 26, 2022 18:07 - Alex .

Status:	Closed	Start date:	February 26, 2022
Priority:	Minor	Due date:	
Assignee:		% Done:	0%
Category:	plugins/jack	Estimated time:	0.00 hour
Target version:			
Affects version:	4.1		
Description			
I would like to start Audacious automatically with my desktop session. So I added an .desktop entry inside my .config/autostart/ folder.			
The problem is on each start-up Audacious reports an error message saying "No JACK output ports were found. Please check settings." So I have to close the error pop-up and hit play. That starts the playback just one second after the error message.

I am not using PipeWire at this point so I am unable to provide any suggestions, sorry.

Closing.

I get the same error message for other applications e.g. Hydrogen Drum Machine as well, makes it a bug on Pipewire side, not on the applications.
