<b>Description</b>			
I've seen in it other media players and I really like this approach.			
Instead of the following buttons:			
[ ] Repeat playlist			
[ ] Shuffle			
We could have a single button with the following states:			
[N] Normal, play consecutively			
[1] Play one song and stop (so, there's no need to have an extra menu item "No playlist advance")			
[∞] Repeat all			
[∞1] Repeat one song			
[s] Shuffle			
If you don't like the idea, never mind. ;-)
