**Description**

psf and 2sf tracks fail to play, with an error that says it can't find xxx.psflib/xxx.2sflib, and it seems to be searching for it one directory level up instead of where the .minipsf/mini2sf tracks are.

**History**

**#1 - August 11, 2012 09:28 - Will F.**

And it does play fine if you move the psflib/2sflib file one directory up.
