What version of pkg-config do you have?

#2 - February 02, 2013 15:38 - szymon krasuski

0.26-1ubuntu1 @12.04 LTS. for now commenting out 26th line #PKG_INSTALLDIR works

#3 - February 02, 2013 18:52 - John Lindgren

- Subject changed from recent git pull caused this to PKG_INSTALLDIR not present in pkg-config < 0.27

#4 - February 02, 2013 21:00 - John Lindgren

nenolod is checking whether there's a way to allow the use of PKG_INSTALLDIR only with pkg-config >= 0.27. If not, we will have to revert commit 7c714a85 for the time being.
