- Status changed from New to Rejected

3.2-alpha1 did provide visual feedback by using an actual button rather than just an icon. But that led to bug #6, the tabs taking up too much space. As the saying goes, "You can't have it all."

#2 - January 03, 2012 13:08 - Michał Lipski

- Status changed from Rejected to Closed

- Target version set to 3.2
