Audacious - OLD, PLEASE USE GITHUB DISCUSSIONS/ISSUES - Bug #293

Audacious opens multiple instances on Linux

May 16, 2013 11:20 - Gabriel Meier

Status:	Rejected		**Start date:**	May 16, 2013
Priority:	Major		**Due date:**	
Assignee:			**% Done:**	0%
Category:			**Estimated time:**	0.00 hour
Target version:				
Affects version:	3.2.1			

Description

Opening a couple of files at once from the file manager launches several instances of audacious instead of adding tracks to the playlist.
I posted this first on https://bugs.launchpad.net/pantheon-files/+bug/1180388, but the developers seem to be sure this is not a bug in their file manager.

History

Did you build Audacious from source or are you using a binary package (and if so, from what source)?

#2 - May 28, 2013 23:05 - John Lindgren

- Status changed from New to Rejected

Closing due to lack of response.
