

Audacious - Bug #319

Neon plugin fails to play stream over proxy with authentication.

July 16, 2013 13:41 - dima ivanov

Status:	Closed	Start date:	July 16, 2013

Target version:			
Affects version:	3.4-beta2		

Description

There is bug with playing radio over proxy with authentication. 'Neon' plugin expects "proxy_use_auth" option in config file (neon.c line 530), but there is "use_proxy_auth" option, generated by gui.
if i manually add proxy_use_auth=TRUE option to config, it works fine.
