Description

Crashed 2 times. I am beginning to think it is the same song that is causing the crash.

Here are some from /var/log/messages

It seemed to have been doing fine this morning. Nothing has changed except I installed VLC which updated a bunch of libraries of course.

#3 - July 28, 2014 23:53 - John Lindgren

Run it in GDB and see if you can capture a backtrace of the crash.
