

Audacious - Bug #48

Plugins cannot tell what version of GTK+ is in use

January 15, 2012 20:00 - John Lindgren

Status:	Closed	Start date:	January 15, 2012
Priority:	Major	Due date:	
Assignee:	John Lindgren	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	3.3		
Affects version:	3.2		
Description			
As mentioned on IRC, plugins should be able to tell at build time whether GTK+ 2.x or 3.x is in use since the two are not binary-compatible. Too late to do this for 3.2, but it should be resolved before 3.3.			

History

#1 - January 15, 2012 20:01 - John Lindgren

- Subject changed from *Plugins cannot tell whether version of GTK+ is in use* to *Plugins cannot tell what version of GTK+ is in use*

#2 - February 02, 2012 03:18 - John Lindgren

- Status changed from *New* to *Closed*

3.3 will be GTK+ 3-only.
