Description			
<p>Hi! Recently discovered that playlist always use bitmap fonts.</p> <p>I wrote patch, that add this functionality. I don't whether it's a feature or a bug.</p> <p>Here is my patch.</p> <pre>--- src/audacious-plugins-3.5.2/src/skins/ui_playlist.c.old 2015-01-19 16:58:45.000000000 0300 +++ src/audacious-plugins-3.5.2/src/skins/ui_playlist.c 2015-01-19 19:12:52.759049384 +0300 @ -595,7 +595,11 @ { gint w = config.playlist_width, h = config.playlist_height; - playlistwin_sinfo = textbox_new (w - 35, "", NULL, config.autoscroll); + char * font = aud_get_str ("skins", "playlist_font"); + playlistwin_sinfo = textbox_new (w - 35, "", config.mainwin_use_bitmapfont ? History

#1 - January 19, 2015 17:29 - Sergei Sinyak

I'm taking about analogue of mainwin_info in playlist - playlistwin_sinfo. It appears when playlist is rolled.

#2 - January 23, 2015 02:17 - John Lindgren

- Tracker changed from Bug to Feature
- Subject changed from bitmap fonts in playlist to Allow vector fonts in rolled-up playlist

#3 - December 02, 2019 20:57 - John Lindgren

- Status changed from New to Rejected

The problem is that the rolled-up playlist is usually too small to display a vector font legibly.

The skinned UI really needs a new maintainer. None of the current core developers seem to have much interest in improving it. Closing.
