

Audacious - Bug #6

[regression] Tabs have become unnecessarily high in 3.2-alpha1

Category:	Estimated time: 0.00 hour
Target version: 3.2	
Affects version: 3.2-alpha1	

Description

In Audacious 3.2-alpha1 tabs height is approximately 38 pixels, whereas in all previous Audacious versions tabs used to be much more narrow (I'd say around 24 pixels high).

The screenshot demonstrating this problem is attached.

I'm using gtk2-2.22.0
