

## Audacious - Bug #617

### audacious -j does not open jump-to-file dialog

January 14, 2016 19:45 - Thomas Lange

<b>Status:</b>	Closed	<b>Start date:</b>	January 14, 2016
<b>Priority:</b>	Minor	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	100%
<b>Category:</b>	core	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>	3.7.2		
<b>Affects version:</b>	3.6, 3.7, 3.8		
<b>Description</b>			
The command "audacious -j" and "audacious --show-jump-box" are not opening the jump-to-file dialog anymore.			
Affected versions are at least 3.6+ with both interfaces.			

#### History

##### #1 - January 17, 2016 19:36 - John Lindgren

Works fine here.

##### #2 - January 17, 2016 21:14 - Thomas Lange

That's strange. The reason is that `current_interface` is NULL in `aud_ui_show_jump_to_song()`, `libaudcore/interface.cc#216`.

##### #3 - January 18, 2016 05:58 - John Lindgren

There might have to be a running instance already for it to work. I will try it later on the first instance and see if I can reproduce. Possibly `aud_ui_show_jump_to_song()` needs to be called later in the startup process.
