#### Description

(in mate desktop and audacious 3.7.2)

how to reproduce:

I open firefox (1), I open firefox(2) again, and then I open audacious

Only with alt+tab, I can change between audacious and firefox(1) or (2)

In the pannel bar, If if click on firefox(1), firefox(2), audacious, and press alt+tab, audacious goes to the end of the list icons

I have tested with the latest marco version.

on audacious -> settings -> appearance -> interface plugin ->

with "GTK interface", alt+tab works

with "Winamp classic interface" <- here is the issue

<https://github.com/mate-desktop/marco/issues/263>

#### History

#1 - April 19, 2016 00:00 - John Lindgren

- Status changed from New to Rejected

We don't provide support for any window management issues with the WinAmp interface. This is clearly stated on the website.
