Description

I personally find the Record icon to be largely esoteric in the context of playing back music. (I can definitely see usecases for it though!)

Screenshot_2017-02-20_09-10-07.png

In this sense I would suggest to allow users to hide this icon. Either by hiding it automatically when the Recording Settings is unchecked, or making it as a plugin whereas when disabled the icon is hidden from the toolbar.

History

#1 - February 25, 2017 04:20 - John Lindgren

- Category set to plugins/gtkui
- Status changed from New to Closed
- Target version set to 3.9
- % Done changed from 0 to 100
