Audacious - Bug #799

[REGRESSION] "Do not load metadata for songs until played" behavior

June 24, 2018 16:01 - Artem S. Tashkinov

Status:	Rejected		**Start date:**	June 24, 2018
Priority:	Minor		**Due date:**	
Assignee:			**% Done:**	0%
Category:	libaudcore		**Estimated time:**	0.00 hour
Target version:				
Affects version:	3.9			

Description

I'm curious if the disabled state of this option should be **ignored** when you're adding network streams.

I've now added a playlist with a 100 radio stations and Audacious started resolving the stations one by one which makes little to no sense.

I propose to **ignore** the state of this option for network streams or, alternatively, add a suboption "Don't load network streams metadata until played".

Strangely Audacious 3.7.2 is not affected: i.e. it doesn't load network streams metadata until played.

History

#1 - June 24, 2018 17:17 - Artem S. Tashkinov

After installing libfaad and compiling the aac-raw.so plugin the issue is gone.

Please close it as INVALID.
