| In linux mint 19 w/ cinnamon, status icon does not show an icon in the system tray when enabled. |                                    |

#### History

##### #1 - August 03, 2018 14:48 - John Lindgren

- Status changed from New to Rejected

Works fine in XFCE -- talk to the Cinnamon devs to see what they are doing differently.

##### #2 - September 01, 2018 17:05 - Ari Ar

I am seeing the same on Ubuntu 18.04.1 / LTS after a fresh install.  
With both the official package 3.9 and with the latest 3.10.

Any hint on what could be wrong
