March 22, 2012 23:02 - il lumilore

Status:	Closed	Start date:	March 22, 2012
Priority:	Minor	Due date:	
Assignee:		% Done:	100%
Category:	core	Estimated time:	0.00 hour
Target version:	3.2.2		
Affects version:	3.2.1		
Description When I run the command "audtool --playlist-auto-advance-toggle", and then right click on the controls in skin-ui, the context menu does not update, where it says no playlist advance will wrongly either still have a checkmark or not, depending on it's previous status.
