

## Audacious - Bug #919

### meson: sporadic build failures due to missing aud-dbus.h

November 19, 2019 11:17 - Enne Eziarc

<b>Status:</b>	Closed	<b>Start date:</b>	November 19, 2019
<b>Priority:</b>	Minor	<b>Due date:</b>	
<b>Assignee:</b>	Ariadne Conill	<b>% Done:</b>	0%
<b>Category:</b>	audtool	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>			
<b>Affects version:</b>	4.0		

#### Description

With this one-liner I start getting "fatal error: aud-dbus.h: No such file or directory" at -j4 with ccache enabled:

```
(set -x; for i in {2..10}; do meson setup ./build --wipe && ninja -C build -j$i || break; done)
```

Patch took a while to figure out (I've never used meson before), but it looks correct now.
