

Audacious - Feature #969

streamtuner plugin: Please add column-sortability, or at least sort alphabetically by 1st column

April 16, 2020 17:45 - Jim Turner

Status:	New	Start date:	April 16, 2020
Priority:	Minor	Due date:	
Assignee:		% Done:	0%
Category:	plugins/streamtuner	Estimated time:	0.00 hour
Target version:			
Affects version:			
Description			
Please sort, and add ability for user to click column headers to sort - this is hard on the eyes browsing markets and stations!			
Thanks,			
Jim			

History

- Category set to plugins/streamtuner

#2 - June 16, 2020 09:54 - el la

And also add option to revert to the original sorted version.

Say you add songs in certain order. Once you sort by name or other field, the original sorting is lost and there is no way to revert it.

What is the point of a playlist if it was going to be sorted by artist or any other field?

#3 - September 29, 2022 04:13 - Jim Turner

Sorry, didn't see this untill now. I wasn't referring to sorting playlists, but sorting the list of stations to choose from (huge) in Streamtuner to make it easier to find what you're looking for. However, first, they need to make this Streamtuner plugin stop crashing (filed under another issue).
